Lane House

Netherbourne Road

Ambridge

Dear All,

As you can see from the address, we are now in our new home! We got the keys last Thursday and moved in on

Friday. It was the coldest day of the year, so we didn't enjoy it very much.

The new house has got five bedrooms, so it's a lot bigger than the old one. All our furniture looks very small

and we keep losing the kids. We moved so the boys can have a bedroom each now they are getting older, and it's great having a spare room for visitors. Mike's parents very generously gave us some money when we moved so I think they will be our first guests.

One thing that is worse than the old place is the garden – the new one is smaller and it is very untidy.

However, there's a park across the road so the boys can play football there. I can see the park from the front windows so I won't worry about them.

We're having a house warming party.

### **2.1 КОМПЕТЕНСТНОСТНО-ОРИЕНТИРОВАННЫЕ ЗАДАЧИ**

*Компетентностно-ориентированная задача 1*

#### READING

You are going to read an article about art forgeries. Choose from the list A–H the sentence which best summarises each part (1–7) of the article. There is one extra sentence which you do not need to use (12 баллов)

#### WHEN IS THE MONA LISA NOT THE MONA LISA?

- 1 How many Mona Lisa paintings do you think there are in the world today? Just the one? I don't think so. The truth is that there are probably many, many Mona Lisa's hanging on walls or in studios. Of course only one was painted by Leonardo Da Vinci but the art of copying or, if you can call it by its legal term, 'forgery' is very common in the art world.
- 2 In fact it is true to say that artists have been copying from other artists for hundreds if not thousands of years. Traditionally, it was normal for artists to copy other artists' paintings. This was a way of making sure historical, religious and artistic traditions were available for future generations. It was considered normal for an artist in training to practise by copying the work of other great artists. In fact some of the most famous forgers in history, probably discovered their skill while studying art at university. Even today this practice continues.
- 3 Historically, the purpose of art was for historical reference, religious inspiration, or simple enjoyment. Most of the time no one cared who painted the paintings. This is why we find it difficult to identify the artists behind some of the greatest older paintings. Paintings were usually commissioned by the church or state, not by individuals so the name of the artist was really unimportant.
- 4 However, from around the 16th century the church and state became poorer and money found its way into the hands of rich individuals. These individuals, as a means of showing their place in society or a knowledge of

art, drastically increased the demand for art. Suddenly more and more artists were needed and people competed to buy the paintings of certain individual artists. These created people whose job it was to buy and sell paintings. It also created galleries and auction houses. Suddenly art was a business and at its centre was money.

- 5 As it became more and more important to decide how to value a painting or a work of art, dealers and collectors needed to create a system to value a painting. One way of doing this was by identifying an artist. If a painting was by Da Vinci then it would be exceedingly expensive. If it was a painting by one of his students it would be far cheaper. Now it was important for artists to sign their works so that they could be identified.
- 6 The problem with this system was that anyone could copy a signature. More complex ways of identifying the artist were needed, such as the colours they used or how they mixed their paints. Soon it became an art itself to be able to identify who really painted a work of art. However, even styles can be copied and art students who needed to make money now could make a name for themselves by being able to copy exactly a great painter's style of work.
- 7 In addition, as always when money is involved, laws were needed to protect the real painters and paintings. It is at this point when we stop talking about 'copying' and begin talking about 'forgery' and 'forgers'.
- 8 Today there are strict laws protecting artists and art from forgery. Dealers and auction houses employ specialists who are skilled at identifying forgeries. However, whilst copying is central to learning the art of Art, Art will continue to create the same people that damage it, the forgers. So don't expect there ever to be one Mona Lisa.

- 0 There are many forgeries in the world today. \_\_\_\_\_1\_\_\_\_\_
- A Dealers looked for the name of an artist on the painting. \_\_\_\_\_
- B Copying is an important tradition in the Art World. \_\_\_\_\_
- C Laws make copying a crime. \_\_\_\_\_
- D Ways of identifying paintings became more complex. \_\_\_\_\_
- E Why were paintings painted and who for? \_\_\_\_\_

F Not all forgeries are found. \_\_\_\_\_

G Art makes its own criminals. \_\_\_\_\_

H Art becomes commercial. \_\_\_\_\_

But Madonna balanced the insubordinate side of her personality with a drive for perfectionism and high-achievement. She was a straight-A student, cheerleader, and disciplined dancer who graduated from high school a semester earlier than her peers. In 1976, her hard work earned her the attentions of the University of Michigan, which offered her a full scholarship to their dance program.

In 1977, during her undergraduate studies at Michigan, Madonna was awarded a six-week scholarship to study with the Alvin Ailey American Dance Theater in New York City, followed by a rare opportunity to perform with choreographer Pearl Lang in 1978. At the urging of her dance instructor, the budding star dropped out of college after only two years of study in order to move to New York and further her dance career.

Once in New York, Madonna paid her rent with a handful of odd jobs, including nude art modeling; serving at the Russian Tea Room; and performing for the American Dance Center. In 1979, Madonna began dating Dan Gilroy, one of the founding members of an influenced pop-punk band called Breakfast Club. Gilroy introduced Madonna to the head of a vaudeville review in Paris, and she spent some time in France working as a showgirl. During this trip she fell in love with the combination of singing and performing. When she returned to the states in 1980, she joined Gilroy's band as its drummer and later became its lead singer. Madonna formed several different bands of her own over the next few years, including Madonna & The Sky, The Millionaires, and Emmy.
